

DELTA SUN PEAKS RESORT

DELTA SUN PEAKS RESORT

One of Canada's highest mountain villages, Sun Peaks can be found nestled at the base of three mountains and only a chair ride from the 7,000 ft. summit of Mount Tod. Centering this village you will find Delta Sun Peaks Resort, a CAA/AAA Four-Diamond gem delivering a benchmark of personalized service and unending attention to detail amidst the relaxed spirit of the British Columbia Interior's Monashee Mountains. With 261 guestrooms and suites, a heated outdoor pool, health club, and over 12,500 square feet of function space we ensure that every guest can expect nothing less than a remarkable experience.

P L A Y G R O U N D

When visiting Sun Peaks our friendly staff always recommend taking advantage of the many sights, sounds, and experiences. A quick hike on the trail offers the chance to see varied wildlife but this quaint pedestrian village offers a vast selection of recreational activities in any season.

Every summer endless exciting activities await you, such as championship golf or extreme mountain biking in our world famous bike park. For tranquility we offer horseback riding into the rugged wilderness or guided canoe tours at the pristine McGillivray Lake. No matter what type of thrill seeker you are, our Concierge will be more than happy to help make your visit a memorable one.

Sun Peaks offers a myriad of things to do during the winter months. Although world class skiing and boarding is our specialty, for those guests preferring less vertical challenges our Concierge can arrange dog sledding excursions or snowshoeing to a fondue dinner. A skating rink is also only steps away but a hot chocolate in a horse drawn sleigh will be a lasting memory as you glide through our snow-covered forests.

Choose from adventurous and breathtaking tours or activities where you can reflect and commune with nature. All are set against the beautiful backdrop of British Columbia's mountains.

DELTA RESIDENCES AT SUN PEAKS

Introducing a wonderful addition to luxury vacation living in Canada. The spectacular accommodations and facilities at the *Delta Residences* offer 41 stunning, fully furnished one and two bedroom luxury condominiums. This separate and intimate boutique style building provides not only direct access and privileges to all the regular hotel amenities including the fitness facilities, pool area, and dining; but has convenient access to the village retail concourse level where guests can conveniently discover the grocery and liquor store as well as many other shops and restaurants. Ranging from 662 to 1014 sq. ft., these suites offer discriminating guests the ultimate home away from home.

OUR MOUNTAIN YOUR PLANET

Recently awarded by the Hotel Association of Canada for its Environmental efforts in 2007 and rated Four Green Keys, the Delta Sun Peaks Resort has been acknowledged by its peers as an industry leader in protecting the environment with its comprehensive "Green" operation. Located within a natural habitat threatened by many ecological issues, our resort makes a concerted effort to ensure that both guests and employees are educated on efforts to sustain our mountain.

Delta Sun Peaks Resort has developed long lasting partnerships with many local organizations to further assist many of our environmental programs and we continue to refine our ecological role with new technologies and knowledge.

Our onsite meeting specialists offer environmentally conscious groups customized sustainable organic menus, eco-tours demonstrating some of the award winning practices we have implemented with our partnerships, and even tree planting ceremonies where your event can be memorialized for the future with its own tree.

GROUPS & MEETINGS

For event planners, our onsite meeting specialists or Meeting Maestros promise an event that will be unique and refreshing. We look forward to producing themed events, coordinating team-building activities, creating memorable galas, and just ensuring that every group is considered special with our one-stop shopping. With over 12,500 sq. ft. of meeting space our clients revel in the fact that our self-contained conference facilities not only allow groups of over 300 delegates the opportunity to learn but also the fact that groups can exclusively play in our three mountain resort.

A major draw each year for many of our returning groups has been the quality of cuisine. Delta Sun Peaks Resort has developed a reputation for showcasing the bounty of the Thompson/Nicola valley in the North Okanagan. By partnering with local ranchers and farmers, our Executive Chef's culinary team provides a unique dining experience by offering seasonal and sustainable choices. Be it an intimate dinner or a large gala, our professional service staff delivers an experience that will create lasting memories.

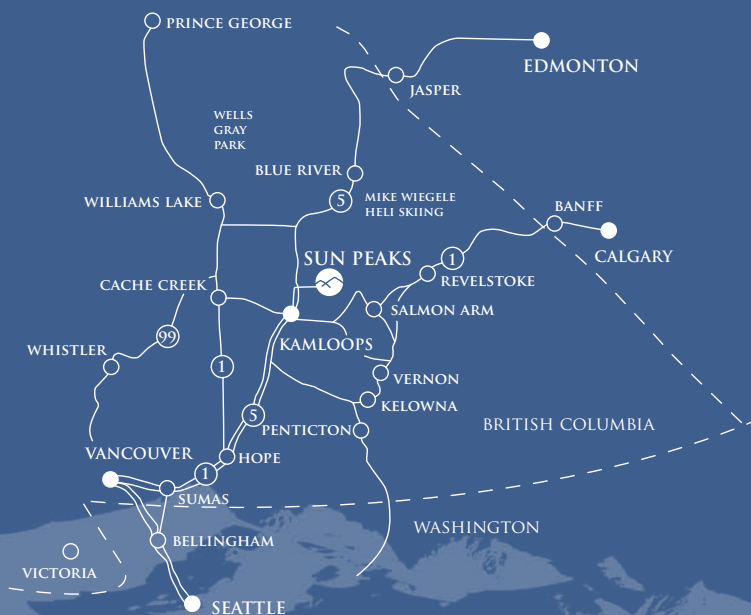

GETTING TO SUN PEAKS

Centrally located in British Columbia's beautiful and striking Thompson – Okanagan region, Delta Sun Peaks Resort offers convenient access by air, car, and train. The resort is situated only 45 minutes from Kamloops Airport which is serviced by major Canadian carriers offering direct flights from both Calgary and Vancouver. Convenient door-to-door airport shuttle service is available year round for both individuals and groups.
